1. In Miyazaki City, we provide a service that emails disaster information, weather alerts, etc. to mobile phones and PCs registered in advance so that residents can receive disaster information quickly and accurately. Please use it as a means of information acquisition at the time of a disaster.

2. Requirements

Anyone can register as long as they have a device with email function.

3. How to register / change / cancel

How to register

Please scan the QR code and send a blank email. After a few moments, you will receive an email inviting you to register. Please click the URL at the end of the email and follow the instructions on the screen to register.

How to cancel registration

Please click the change content / cancel registration link at the end of an email and select cancel your registration. Shortly after, an email confirming that the registration was cancelled will be sent.

How to change information content

Please click the change contents / cancel registration link at the end of an email, select change your details, and change the information you would like to be delivered.

How to change the registered e-mail address

Please cancel registration with the old email address, and then register with a new email address.

4. Precautions

Although registration is free, message and data rates may apply.

Emails can be sent at any time.

Before registering with this service, please make sure you can receive emails from "miyazaki-city@raidan2.ktaiwork.jp".

If you are unsure, please contact your cell phone provider.
